### What we do

JINLIH is dedicated to decorative stainless steel products. Since 1999 we founded, we have been supplying decorative stainless steel with advanced quality and exquisite workmanship. JINLIH stainless steel has been sold to Southeast Asia, North Asia, Middle-East and East Europe for high-end application with sound reputation. And meanwhile, JILIH is popular in South America as well. So far, JINLIH Group mainly produces S.S pipes/tubes, sheets and decorative product with different processes.

For instance, Beijing Daxing production base is mainly for all kinds of S.S surface treatment, Hairline, No.4, 8K, sandblasting, titanium and etching etc. While the combination treatment can be done like art hairline, partial titanium, art sandblasting, anti-fingerprint treatment and ti-bronze etc. All these above are applied to star hotels, KTV, motels, metros and villa.

Foshan branches are for pipes/tubes and sheets manufacturing. Round tubes, square tubes, screwy tubes and decorative tubes production base is in Shishan, Nanhai while sheets processing base is in Chencun, Shunde.
